

# Imprivata Identity Governance

Imprivata Identity Governance provides a policy-based approach to simplify and accelerate secure role-based and least privileged access to systems and applications. The solution streamlines the entire user lifecycle, improves auditing processes, and delivers on-demand analytics for faster threat evaluation and remediation.

With Imprivata, you gain a strategic partner and a technical expert. Request a demonstration today.

Imprivata, the digital identity company for healthcare, provides identity, authentication, and access management solutions that are purpose-built to solve healthcare's unique workflow, security, and compliance challenges.
